### **Peninsula day tour**

We journey from Cape Town along the Cape Peninsula, our destination the beautiful Cape Point Nature Reserve and home to the famous Cape of Good Hope and Cape Point Lighthouse. The area is steeped in history dating back to the pioneering efforts of the first Portuguese navigators to find a sea route around Africa to get to the lucrative spice trade of the East. You will have the opportunity to walk from the Cape of Good Hope along the dramatic sea cliffs and up to the Cape Point Lighthouse for stunning views over the Peninsula, before returning through the reserve and making our way to the penguin colony at Boulders Beach. Once numbering in the millions, this brave little bird is now facing extinction as loss of habitat and natural feeding grounds threatens their existence.
